## BINUSMAYA - Learning Management System

Mar 2024 - Mar 2026

### Role

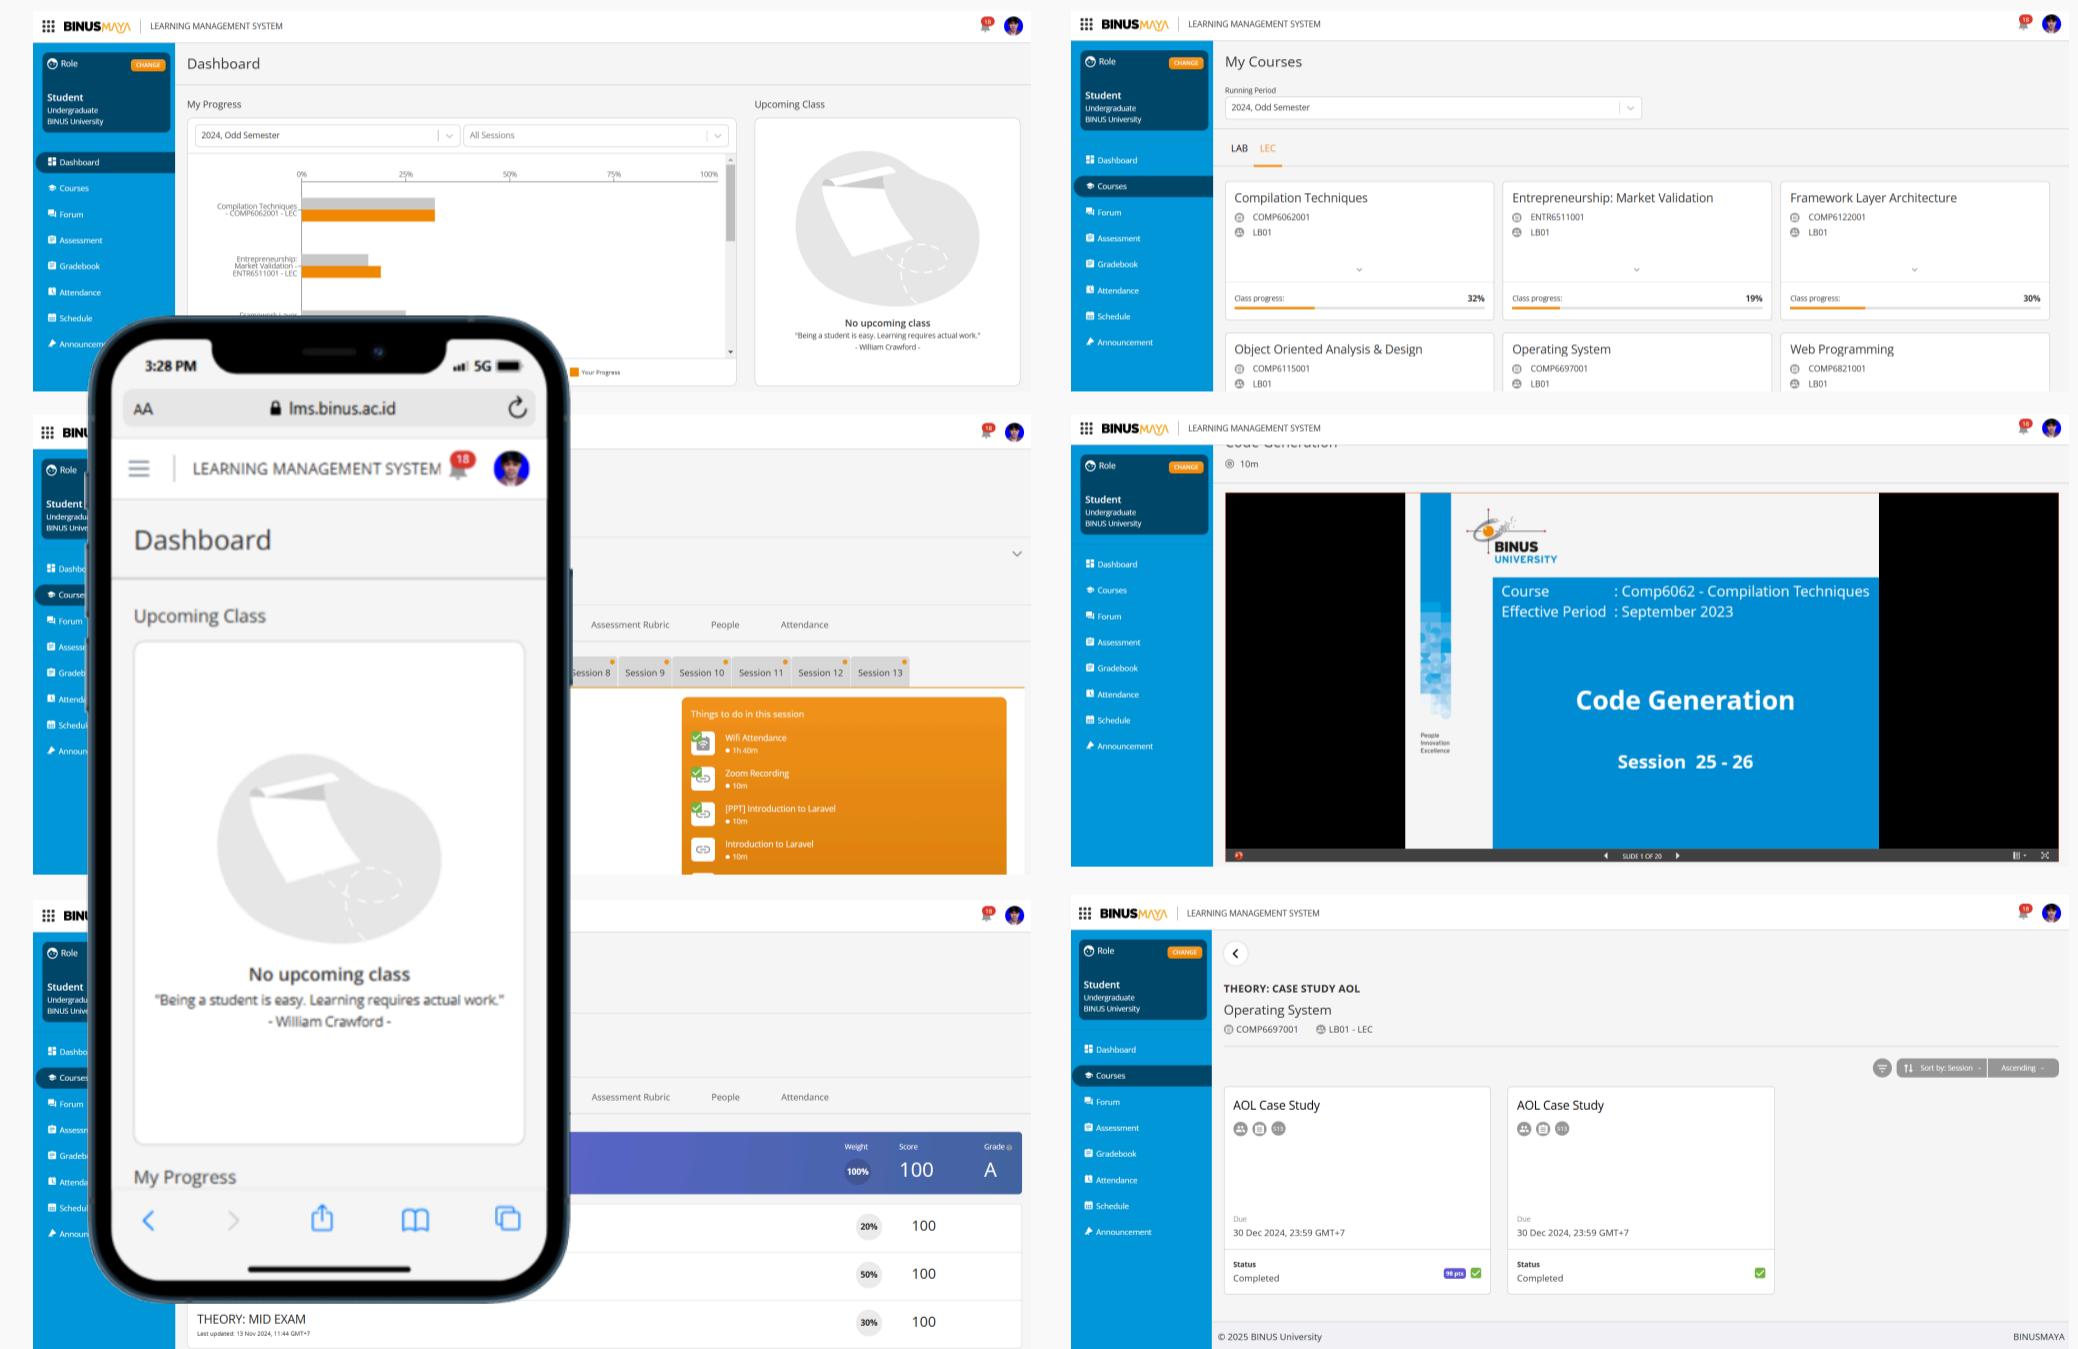

Junior Programmer (*Full-Stack*)

### Link

<https://lms.binus.ac.id/>

### Project Description

BINUSMAYA Learning Management System (LMS) is an educational platform designed to support teaching and learning at Binus. It provides a structured and interactive environment for instructors and students to manage courses, access learning materials, submit assignments, and track academic progress. The system enhances the learning experience through seamless communication, digital resources, and integrated assessment tools.
